PROJECTS

RESUME CLASSIFICATION AND HUMAN FREE VIRTUAL AI INTERVIEW SYSTEM
  In today's rapidly changing field of recruitment, achieving accurate and efficient candidate assessment is a significant challenge. This project aims to enhance the effectiveness of the hiring process by combining Resume classification and AI Interviewer.

SMART CANTEEN
  A smart canteen integrates technology into traditional food service operations, enhancing user experience and operational efficiency. With features like digital ordering and payment systems, it reduces waiting times and human errors.

CERTIFICATIONS

- AWS Academy Certificate
- Cyber Security by EduSkills
- Data Analytics from Coursera
- Salesforce by Smart Internz
